about this program!

## ***We'll Pay You \$500 For Installing an EV Charger***

We offer a rebate up to \$500 for customers who install a qualified electric vehicle charger at their home. As interest in electric vehicles (EVs) grows, charging will become a necessity. We offer a rebate to bring the ease of charging to your home.

Customers could receive up to \$500 if their project is one of the first 75 projects submitted to our residential EmpowerAuto program, when purchasing and installing a qualifying level 2 EV charger at their home. Any projects submitted after the first 75 will be eligible for a maximum rebate of \$250.

For more information or to sign up today to take advantage of the \$500 rebate, visit [www.santecooper.com/EVrebate](http://www.santecooper.com/EVrebate), email [e-mobility@santecooper.com](mailto:e-mobility@santecooper.com) or call **800-804-7424**.
