Budget Billing Information

To qualify for our budget billing program you must be a residential or small commercial (GA) customer with active service for 12 months. In order to remain on the budget billing program you must make your monthly payments on time. If you fail to keep your account current, you will be removed from our budget billing program and you will not be allowed to re-enroll for a minimum of 12 month. Each year we review and make appropriate changes to your budget amount for the following year based on the previous year's energy usage. Please keep in mind that weather and changes in usage patterns do affect your budget amount and can cause significant fluctuations in your budget amount from year to year.
